I. Director's Report – COVID-19 Update

Public Health Director Wendy Diotalevi updated the Board on the COVID-19 situation in Weston to date. Currently 21 positive cases of Covid-19 are in Weston and the nurses are following 131 cases all together (includes contacts who are positive and those that are symptomatic and have not been diagnosed yet but are all subject to quarantine). The first group of 7 positive cases have recovered and were released from quarantine. Fortunately, it does not seem that the virus is community spread. It still seems the cases are travelers, and it appears that social distancing is working.

Social distancing is occurring in Town offices. Ms. Diotalevi will discuss with Fire Chief David Soar how social distancing is occurring at the firehouse. The Transfer Station hours were limited to Tuesdays and Saturdays.

Alex Cobb, School Committee Member brought up the Weston High School Graduation, and if there was any way to plan on the graduation to be held or celebrated. At this time the Board is uncertain how the virus will impact Weston and where the community will be with future events. Ms. Diotalevi will discuss this topic further with the Weston Public School Director of Health Services, Laurie Melchionda.
