I. **Director's Report – COVID-19 Update**

The Board was updated on the current office operations. The Town Hall continues to work at full capacity which is still in violation of the Governor's order for only 25% occupancy for office space. All Town Hall employees had been ordered back per Weston Administration which continues to go against the Governor's order of office spaces and the ability to telework. The Board agrees with the proposed schedule the Board of Health staff has in place to conduct work in Town and the ability to continue to telework. If necessary, the Board will hold a meeting at the end of this week to vote in the hours of the Board of Health office and present it to the Town Manager and Selectmen's office.
