1. **Ivy Watts Presentation On Mental Health for Weston Middle School:** Ms. Watts presented to WMS students 3 years ago on her mental health journey and it was very well-received. Given the mental-health challenges students are facing during the pandemic, the school feels it is more important than ever to prioritize social-emotional learning and heighten the conversation around mental health.

A motion to approve all the grant was presented and members unanimously approved. (Voted in favor: Bradner, Covington, Dickie, Golin, Hanser, McGrath)
