**B. Order of Delineation**

1. The Conservation Commission has determined the following (check whichever is applicable):

a.  **Accurate:** The boundaries described on the referenced plan(s) above and in the Abbreviated Notice of Resource Area Delineation are accurately drawn for the following resource area(s):

- 1.  Bordering Vegetated Wetlands
- 2.  Other resource area(s), specifically:

a. Mean Annual High Water and Riverfront Area is shown accurately

b. The WCC reserves the right to further review the elevation of BLSF if/when a project is filed under the Massachusetts Wetlands Protection Act.

b.  **Modified:** The boundaries described on the plan(s) referenced above, as modified by the Conservation Commission from the plans contained in the Abbreviated Notice of Resource Area Delineation, are accurately drawn from the following resource area(s):

- 1.  Bordering Vegetated Wetlands
- 2.  Other resource area(s), specifically:

a. \_\_\_\_\_

c.  **Inaccurate:** The boundaries described on the referenced plan(s) and in the Abbreviated Notice of Resource Area Delineation were found to be inaccurate and cannot be confirmed for the following resource area(s):

- 1.  Bordering Vegetated Wetlands
- 2.  Other resource area(s), specifically:

\_\_\_\_\_

**WPA Form 4B – Order of Resource Area  
Delineation**

Massachusetts Wetlands Protection Act M.G.L. c. 131, §40

**C. Findings**

This Order of Resource Area Delineation determines that the boundaries of those resource areas noted above, have been delineated and approved by the Commission and are binding as to all decisions rendered pursuant to the Massachusetts Wetlands Protection Act (M.G.L. c. 131, § 40) and its regulations (310 CMR 10.00). This Order does not, however, determine the boundaries of any resource area or Buffer Zone to any resource area not specifically noted above, regardless of whether such boundaries are contained on the plans attached to this Order or to the Abbreviated Notice of Resource Area Delineation.

This Order must be signed by a majority of the Conservation Commission. The Order must be sent by certified mail (return receipt requested) or hand delivered to the applicant. A copy also must be mailed or hand delivered at the same time to the appropriate DEP Regional Office (see <http://www.mass.gov/dep/about/region/findyour.htm>).

**D. Appeals**

The applicant, the owner, any person aggrieved by this Order, any owner of land abutting the land subject to this Order, or any ten residents of the city or town in which such land is located, are hereby notified of their right to request the appropriate DEP Regional Office to issue a Superseding Order of Resource Area Delineation. When requested to issue a Superseding Order of Resource Area Delineation, the Department's review is limited to the objections to the resource area delineation(s) stated in the appeal request. The request must be made by certified mail or hand delivery to the Department, with the appropriate filing fee and a completed Request for Departmental Action Fee Transmittal Form, as provided in 310 CMR 10.03(7) within ten business days from the date of issuance of this Order. A copy of the request shall at the same time be sent by certified mail or hand delivery to the Conservation Commission and to the applicant, if he/she is not the appellant.

Any appellants seeking to appeal the Department's Superseding Order of Resource Area Delineation will be required to demonstrate prior participation in the review of this project. Previous participation in the permit proceeding means the submission of written information to the Conservation Commission prior to the close of the public hearing, requesting a Superseding Order or Determination, or providing written information to the Department prior to issuance of a Superseding Order or Determination.

The request shall state clearly and concisely the objections to the Order which is being appealed and how the Order does not contribute to the protection of the interests identified in the Massachusetts Wetlands Protection Act, (M.G.L. c. 131, § 40) and is inconsistent with the wetlands regulations (310 CMR 10.00). To the extent that the Order is based on a municipal bylaw or ordinance, and not on the Massachusetts Wetlands Protection Act or regulations, the Department of Environmental Protection has no appellate jurisdiction.

Subject: Order of Resource Area Delineation - Approval

---

The Weston Conservation Commission determined that the boundaries described in the Abbreviated Notice of Resource Area Delineation are accurately drawn and have therefore signed this Order of Resource Area Delineation (ORAD).

**Important: The ORAD is a legal document!** Please read the ORAD carefully. Contact the Conservation Office if you have any questions.

This Order does not permit any new work within wetland resource areas, Riverfront Area, or the 100-foot buffer zone. Should you wish to conduct a new activity within the wetland and/or buffer, you will need to file a Notice of Intent with the Conservation Commission.

**This ORAD is valid for 3 years.** Should you have any questions, please do not hesitate to contact me at 781-786-5068.
