Comprehensive Permit Site Approval Application/Rental

Attached is the Massachusetts Housing Finance Agency ("MassHousing") application form for Project Eligibility/Site Approval ("Site Approval") under the state's comprehensive permit statute (M.G.L. c. 40B, Sections 20-23 enacted as Chapter 774 of the Acts of 1969) known as "Chapter 40B". Developers seeking a comprehensive permit to construct affordable housing under Chapter 40B and intending to use a MassHousing financing program or financing through the New England Fund ("NEF") program must receive Site Approval from MassHousing. This approval (also referred to as "project eligibility approval") is a required component of any comprehensive permit application to be submitted to the local Zoning Board of Appeals of the municipality in which the development is to be located.

As part of its review of your application, MassHousing will conduct an inspection of the site and will solicit comments from the relevant municipality. MassHousing will consider any relevant concerns that the municipality might have about the proposed project or the developer. The applicant is encouraged, therefore, to make contact with the municipality prior to submitting the Site Approval application in order to ensure that the applicant understands any concerns that the municipality may be likely to raise regarding the proposed development.

In order for a project to receive Site Approval, MassHousing must determine that (i) the applicant has sufficient legal control of the site, (ii) the applicant is a public agency, non-profit organization or limited dividend organization, and (iii) the applicant and the project are generally eligible under the requirements of the MassHousing program selected by the applicant, subject to final eligibility review and approval. Furthermore, MassHousing must determine that the site of the proposed project is generally appropriate for residential development (taking into consideration municipal actions previously taken to meet affordable housing needs) and that the conceptual project design is generally appropriate for the site. In order for MassHousing to be able to make these findings (required by 760 CMR 56.04 (4)), it is important that you answer all questions in the application and include all required attachments.

Please note that MassHousing requires that all applicants meet with a member of our 40B Department staff before submitting their application. Applications for any projects that have not been the subject of a required pre-application meeting will not be accepted or processed.

Upon completion of its analysis, MassHousing will either issue a Site Approval Letter that approves, conditionally approves or denies the application. If the application is approved, the applicant should apply to the Zoning Board of Appeals within two years from the date of the Site Approval Letter (unless MassHousing extends such term in writing).

Please note that Site Approval from MassHousing does not constitute a loan commitment by MassHousing or any other financing program. All potential MassHousing financing is subject to further review and underwriting by MassHousing's Rental Lending Department.

Please be sure you have familiarized yourself with all of the applicable requirements set forth in the Chapter 40B regulations and guidelines, which can be found at

http://www.mass.gov/hed/economic/eohed/dhcd/legal/regs/760-cmr-56.html and
Instructions for completing the Site Approval Application are included in the application form which is attached. The completed application form and all additional documentation should be sent, after your pre-application meeting has been held, to:

Gregory Watson, Manager of Comprehensive Permit Programs
MassHousing, One Beacon Street, Boston, MA 02108

We look forward to working with you on your proposed development. Please contact Gregory Watson at 617-854-1880 or gwatson@masshousing.com to discuss scheduling your pre-application meeting or if there is any assistance that we can provide in the meantime to make your application process a smooth and efficient one.

Our Commitment to You

MassHousing recognizes that applicants seek some measure of predictability regarding the timeframe for our processing of their applications. Our staff will endeavor to adhere to the following schedule for reviewing applications for site approval:

Within two (2) business days of receipt of your application (provided that you have attended a required pre-application meeting) a member of our staff will notify you of any of the items listed on the checklist at the end of the application form that were missing from your application package. Please note that our acknowledgement of receipt of an item does not indicate that any substantive review has yet taken place.

If your application package is missing any of the items indicated on the checklist by an asterisk, we will not be able to continue processing your application until such items are received.

If we have received the information which is crucial to the commencement of our review process, we will proceed to (i) give the municipality a period of thirty (30) days in which to submit comments relating to your proposal, (ii) schedule and conduct a site visit, and (iii) solicit bids for and commission and review an “as is” appraisal of your site.

If during our review of your application package we determine that additional information or clarification is needed, we will notify you as soon as possible. Depending on when we receive such additional information, this may affect the amount of time required for MassHousing to complete the site approval process.

Assuming that your application package was complete and that you respond in a timely manner to requests for additional information or clarification, we would expect to issue or deny your site approval within 60 days of our receipt of your application package.

Brief Project Description (150 words or less):
The site is 2.1 acres located at the Intersection of Rte 128 and Rte 20 Boston Post Road in the Town Of Weston. The site is the former property of Mass Broken Stone and prior to that the Sibley Machine Shop and Mill. The site abuts Commercial and Industrial properties to the North and East and the City Of Cambridge Water Department to the South and West. The development is two levels of parking consisting of 235 spaces with 3-5 stories of wood construction residential above. The Unit mix is 1, 2 and 3 bedrooms with larger than industry floor plans and a Club house/ Community area of +/-2,500sf. The Property also includes the Sibley House which is being maintained on the site and provides 2 of the 154 apartments. The property also includes court yards and outdoor living/recreation areas.

Required Attachments Relating to Section 1
1.1 Location Map
   Provide a USGS or other form of map clearly marked to show the site's location, and an approximate property boundary.

1.2 Tax Map
   Provide a copy of municipal tax map (assessor's plan) with subject parcels and parcel ID #’s clearly identified.

1.3 Directions
   Provide detailed written directions to the site, noting the entrance to the site, relevant boundaries and any prominent landmarks that can be used for identification purposes.

Is there any evidence of hazardous, flammable or explosive material on the site? No
Is the site, or any portion thereof, located within a designated flood hazard area? No
Does the site include areas designated by Natural Heritage as endangered species habitat? No
Are there documented state-designated wetlands on the site? No
Are there documented vernal pools on the site? No
Is the site within a local or state Historic District or listed on the National Register or Historic Places? Yes
Has the site or any building(s) on the site been designated as a local, state or national landmark? Yes the Sibley House (building to remain)
Are there existing buildings and structures on site? Yes
Does the site include documented archeological resources? No
Does the site include any known significant areas of ledge or steep slopes? Yes, Ledge
Required Attachments Relating to Section 2

2.1 Existing Conditions Plan

Please provide a detailed Existing Conditions Plan showing the entire site, prepared, signed and stamped by a Registered Engineer or Land Surveyor. Plans should be prepared at a scale of 1"=100' or 1"=200' and should include the following information:

a. Reduced scale locus map
b. Surveyed property boundaries
c. Topography
d. Wetland boundaries (if applicable)
e. Existing utilities (subsurface and above ground)
f. Natural features including bodies of water, rock outcappings
g. Existing easements and/or rights of way on the property
h. Existing buildings and structures, including walls, fences, wells
i. Existing vegetated areas
j. Existing Site entries and egresses

Provide one (1) set of full size (30"x40") plans along with one (1) set of 11x17 reproductions and one (1) set of 8.5x11 reproductions. Note that MassHousing cannot accept USB flash drives.

2.2 Aerial Photographs

Please provide one or more aerial photograph(s) of the site (such as those available online) showing the immediate surrounding area if available. Site boundaries and existing site entrance and access points must be clearly marked.

2.3 Site/Context Photographs

Please provide photographs of the site and surrounding physical and neighborhood context, including nearby buildings, significant natural features and land uses. Please identify the subject and location of all photographs.

2.4 Documentation Regarding Site Characteristics/Constraints

Please provide documentation of site characteristics and constraints as directed including available narratives, summaries and relevant documentation including:

- Flood Insurance Rate Map (FIRM) showing site boundaries
- Wetlands delineation
- Historic District Nomination(s)

2.5 By–Right Site Plan (if available)

MassHousing will commission, at your expense, an "as–is" appraisal of the site in accordance with the Guidelines, Section B (1). Therefore, if there is a conceptual development plan which would be permitted under current zoning and which you would like the appraiser to take into consideration, or if permits have been issued for alternative development proposals for the site, please provide two (2) copies of a "by–right" site plan showing the highest and best use of the site under current zoning, and copies of any existing permits. These will assist the appraiser in determining the "as is" value of the site without any consideration being given to its potential for development under Chapter 40B.

Required Attachments Relating to Section 3

3.1 Preliminary Site Layout Plan(s) - See Tab 2 Plans
Please provide preliminary site layout plans of the entire Site prepared, signed and stamped by a registered architect or engineer. Plans should be prepared at a scale of 1”=100’ or 1”=200’, and should show:
- Proposed site grading
- Existing lot lines
- Easements (existing and proposed)
- Access to a public way must be identified
- Required setbacks
- Proposed site circulation (entrances/egresses, roadways, driveways, parking areas, walkways, paths, trails)
- Building and structure footprints (label)
- Utilities (existing and proposed)
- Open space areas
- Schematic landscaping and screening
- Wetland and other restricted area boundaries and buffer zones

Please provide one (1) set of full size (30"x40") plans along with one (1) set of 11"x17" reproductions and one (1) USB flash drives.

3.2 Graphic Representations of Project/Preliminary Architectural Plans - See Tab 2 Plans
- Typical floor plans
- Unit plans showing dimensions, bedrooms, bathrooms and overall unit layout
- Exterior elevations, sections, perspectives and illustrative rendering.

3.3 Narrative Description of Design Approach - See Tab 3
Provide a narrative description of the approach to building massing, style, and exterior materials; site layout, and the relationship of the project to adjacent properties, rights of way and existing development patterns. The handbook called Approach to Chapter 40B Design Reviews prepared by the Cecil Group in January 2011 may be helpful in demonstrating the nature of the discussion that MassHousing seeks in this narrative.

3.4 Tabular Zoning Analysis - See Tab 2 Plans Page C-1
Zoning analysis in tabular form comparing existing zoning requirements to the waivers that you will request from the Zoning Board of Appeals for the proposed project, showing required and proposed dimensional requirements including lot area, frontage, front, side and rear setbacks, maximum building coverage, maximum lot coverage, height, number of stories, maximum gross floor area ratio, units per acre, units per buildable acre; number of parking spaces per unit/square foot and total number of parking spaces (proposed and required).

Projected Developer Fee and Overhead*: 1,596,000

Maximum Allowable Developer Fee and Overhead**: 5,428,632

Projected Developer Fee and Overhead equals 28% of Maximum Allowable Fee and Overhead

*Note in particular the provisions of Section IV.B.5.a of the Guidelines, which detail the tasks (i) for which a developer may or may not receive compensation beyond the Maximum Allowable Developer Fee and Overhead and (ii) the costs of which must, if the tasks were performed by third parties, be included within the Maximum Allowable Developer Fee and Overhead.

**Please consult the most recent DHCD Qualified Allocation Plan (QAP) to determine how to calculate the Maximum Allowable Developer Fee and Overhead. If you have questions regarding this calculation, please contact MassHousing.

Applicant's Ownership Entity Information

Please identify for each of (i) the Applicant and, if different (ii), the Proposed Development Entity, the following (collectively with the Applicant and the Proposed Development Entity, the "Applicant Entities"): the Managing Entities, Principals, Controlling Entities and Affiliates of each.

Note: For the purposes hereof, "Managing Entities" shall include all persons and entities (e.g. natural persons, corporations, partnerships, limited liability companies, etc., including beneficiaries of nominee trusts) who are managers of limited liability companies, general partners of limited partnerships, managing general partners of limited liability partnerships, directors and officers of corporations, trustees of trusts, and other similar persons and entities which have the power to manage and control the activities of the Applicant and/or Proposed Development Entity.
"Principal or Controlling Entities" shall include all persons and entities (e.g. natural persons, corporations, partnerships, limited liability companies, etc., including beneficiaries of nominee trusts) that shall have the right to:

(i) approve the terms and conditions of any proposed purchase, sale or mortgage;
(ii) approve the appointment of a property manager; and/or
(iii) approve managerial decisions other than a decision to liquidate, file for bankruptcy, or incur additional indebtedness.

Such rights may be exercisable either (i) directly as a result of such person's or entity's role within the Applicant or the Proposed Development Entity or the Managing Entities of either or (ii) indirectly through other entities that are included within the organizational structure of the Applicant and/or Proposed Development Entity and the Managing Entities of either.

In considering an application, MassHousing will presume that there is at least one Principal or Controlling Entity of the Applicant and of the Proposed Development Entity. Any person or persons who have purchased an interest for fair market value in the Applicant and/or Proposed Development Entity solely for investment purposes shall not be deemed a Principal or Controlling Entity.

"Affiliates" shall include all entities that are related to the subject organization by reason of common control, financial interdependence or other means.

Certification and Acknowledgment

I hereby certify on behalf of the Applicant, under pains and penalties of perjury, that the information provided above for each of the Applicant Entities is, to the best of my knowledge, true and complete; and that each of the following questions has been answered correctly to the best of my knowledge and belief:

(Please attach a written explanation for all of the following questions that are answered with a "Yes": Explanations should be attached to this Section 6.)

Is there pending litigation with respect to any of the Applicant Entities?  Yes ___  No ✓

Are there any outstanding liens or judgments against any properties owned by any of the Applicant Entities?  Yes ___  No ✓

Have any of the Applicant Entities failed to comply with provisions of Massachusetts law related to taxes, reporting of employees and contractors, or withholding of child support?  Yes ___  No ✓

Have any of the Applicant Entities ever been the subject of a felony indictment or conviction?  Yes ___  No ✓

During the last 10 years, have any of the Applicant Entities ever been a defendant in a lawsuit involving fraud, gross negligence, misrepresentation, dishonesty, breach of fiduciary responsibility or bankruptcy?  Yes ___  No ✓

Have any of the Applicant Entities failed to carry out obligations in connection with a Comprehensive Permit issued pursuant to M.G.L. c. 40B and any regulations or guidelines promulgated thereunder (whether or not MassHousing is or was the Subsidizing Agency/Project Administrator) including, but not limited to, completion of a cost examination and return of any excess profits or distributions?  Yes ___  No ✓

Have any of the Applicant Entities ever been charged with a violation of state or federal fair housing requirements?  Yes ___  No ✓

Are any of the Applicant Entities not current on all existing obligations to the Commonwealth of Massachusetts, and any agency, authority or instrument thereof?  Yes ___  No ✓

I further certify that the information set forth in this application (including attachments) is true, accurate and complete as of the date hereof to the best of my/our knowledge, information and belief. I further understand that MassHousing is relying on this information in processing the request for Site Approval in connection with the above-referenced project; and

I hereby acknowledge our commitment and obligation to comply with requirements for cost examination and limitations on profits and distributions, all as found at 760 CMR 56.04(8) and will be more particularly set forth in a Regulatory Agreement by and between the Applicant and MassHousing.

I hereby acknowledge that will be required to provide financial surety by means of bond, cash escrow and a surety escrow agreement or letter of credit with the agreement that it may be called upon or used in the event that the Developer fails either to (i) complete and submit the examined Cost Certification as required by 760 CMR 56.04(8) and the Regulatory Agreement, or (ii) pay over to the Subsidizing Agency or the Municipality any funds in excess of the limitations on profits and distributions from capital sources as required by 760 CMR 56.04(8) and as set forth in the Regulatory Agreement.
I further certify that we have met with a representative of the 40B Department at MassHousing and understand the requirements for a) completing this application and b) the procedures if and when Site Approval is granted, including the requirement for (i) the use of the standard MassHousing Regulatory Agreement, (ii) submission to MassHousing, of a cost certification examined in accordance with AICPA attestation standards by ninety days of project completion (and prior to permanent loan closing if MassHousing is the permanent lender), of an audited cost certification by an approved certified public accountant and (iii) the posting of surety for completion of the cost certification as a condition of Final Approval by MassHousing under Chapter 40B.

SUSTAINABLE DEVELOPMENT CRITERIA SCORECARD

Project Name: Stony Brook Weston
Project Number: 
Program Name: 
Date: November 20, 2016

MassHousing encourages housing development that is consistent with sustainable development designs and green building practices. Prior to completing this form, please refer to the Commonwealth's Sustainable Development Principles (adopted May 2007) available at: Sustainable Development Principles

DEVELOPER SELF-ASSESSMENT
(for consistency with the Sustainable Development Principles)

Redevelop First
Check "X" below if applicable
If Rehabilitation:
- Rehabilitation/Redevelopment/Improvements to Structure □
- Rehabilitation/Redevelopment/Improvements to Infrastructure □

If New Construction:
- Contributes to revitalization of town center or neighborhood □
- Walkable to:
  (a) transit □
  (b) downtown or village center □
  (c) school □
  (d) library □
  (e) retail, services or employment center □
- Located in municipally-approved growth center □

Explanation (Required)
The proposed development is being undertaken with the goal of following the Town of Weston's "Friendly" 40B Density Guidelines. The site is located directly across from the Town's largest employment center and the planned intermodal facility.
Optional – Demonstration of Municipal Support:

Check “X” below if applicable
- Letter of Support from the Chief Elected Official of the municipality* ☐
- Housing development involves municipal funding ☐
- Housing development involves land owned or donated by the municipality ☐

*Other acceptable evidence: Zoning variance issued by ZBA for project; Minutes from Board of Selectmen meeting showing that project was discussed and approved, etc.

Explanation (Required)
The Weston Housing Trust and Weston Housing Partnership issued a conditional letter of support for the 154 Unit development. See November 16, 2016 Letter. We have also met with the Town Selectmen, Historic Commission, Planning Board, Town Planner, Superintendent of Schools and members of School Committee, and scheduled meetings with Conservation. All groups have raised their concerns but general feedback is that the location is well suited for the Multi-family development which the Town needs.

Method 2: Development meets a minimum of five (5) of the Commonwealth’s Sustainable Development Principles, as shown in the next section below.

If the development involves strong municipal support (evidence of such support must be submitted as an attachment), the development need only meet four (4) of the Sustainable Development Principles. However, one (1) of the Principles met must be Protect Land and Ecosystems.

Please explain at the end of each category how the development follows the relevant Sustainable Development Principle(s) and explain how the development demonstrates each of the checked “X” statements listed under the Sustainable Development Principle(s).

(1) Concentrate Development and Mix Uses
Support the revitalization of city and town centers and neighborhoods by promoting development that is compact, conserves land, protects historic resources, and integrates uses. Encourage remediation and reuse of existing sites, structures, and infrastructure rather than new construction in undeveloped areas. Create pedestrian friendly districts and neighborhoods that mix commercial, civic, cultural, educational, and recreational activities with open spaces and homes.

Check “X” below if applicable
- Higher density than surrounding area ☒
- Mixes uses or adds new uses to an existing neighborhood ☐
- Includes multi-family housing ☒
- Utilizes existing water/sewer infrastructure ☐
- Compact and/or clustered so as to preserve undeveloped land ☒
- Reuse existing sites, structures, or infrastructure ☐
- Pedestrian friendly ☒
- Other (discuss below) ☐

Explanation (Required)
The Weston Housing Trust and Weston Housing Partnership issued a conditional letter of support for the 154 Unit development. See November 16, 2016 Letter. We have also met with the Town Selectmen, Historic Commission, Planning Board, Town Planner, Superintendent of Schools and members of School Committee, and scheduled meetings with Conservation. All groups have raised their concerns but general feedback is that the location is well suited for the Multi-family development which the Town needs.
(2) Advance Equity & Make Efficient Decisions

Promote equitable sharing of the benefits and burdens of development. Provide technical and strategic support for inclusive community planning and decision making to ensure social, economic, and environmental justice. Ensure that the interests of future generations are not compromised by today's decisions.

Promote development in accordance with smart growth and environmental stewardship.

Check "X" below if applicable
- Concerted public participation effort (beyond the minimally required public hearings)
- Streamlined permitting process, such as 40B or 40R
- Universal Design and/or visitability
- Creates affordable housing in middle to upper income area and/or meets regional need
- Creates affordable housing in high poverty area
- Promotes diversity and social equity and improves the neighborhood
- Includes environmental cleanup and/or neighborhood improvement in an Environmental Justice Community
- Other (discuss below)

Explanation (Required)
The development team has "pre-filing" established and completed a "public meeting" process and shared development concepts as the design has matured. The meetings will be ongoing throughout the process and we are following the town's Friendly 40B guidelines.

(3) Protect Land and Ecosystems

Protect and restore environmentally sensitive lands, natural resources, agricultural lands, critical habitats, wetlands and water resources, and cultural and historic landscapes. Increase the quantity, quality and accessibility of open spaces and recreational opportunities.

Check "X" below if applicable
- Creation or preservation of open space or passive recreational facilities
- Protection of sensitive land, including prime agricultural land, critical habitats, and wetlands
- Environmental remediation or clean up
- Responds to state or federal mandate (e.g., clean drinking water, drainage, etc.)
- Eliminates or reduces neighborhood blight
- Addresses public health and safety risk
- Cultural or Historic landscape/existing neighborhood enhancement
- Other (discuss below)
Explanation (Required)
The Development is working with Historic Commission to keep the Sibley House on the property. Improve storm water management and by achieving the Town’s Housing Goals in strategic locations open space and more sensitive areas are protected.

(4) Use Natural Resources Wisely
Construct and promote developments, buildings, and infrastructure that conserve natural resources by reducing waste and pollution through efficient use of land, energy, water and materials.

Check "X" below if applicable
- Uses alternative technologies for water and/or wastewater treatment
- Uses low impact development (LID) or other innovative techniques
- Other (discuss below)

Explanation (Required)
The development is using Wastewater technologies to allow re-use of treated effluent for Toilets reducing water usage while treating waste to achieve a near “zero discharge” property. The Developer is also working with abutters to improve access and better use of the land.

(5) Expand Housing Opportunities
Support the construction and rehabilitation of homes to meet the needs of people of all abilities, income levels and household types. Build homes near jobs, transit, and where services are available. Foster the development of housing, particularly multifamily and single-family homes, in a way that is compatible with a community’s character and vision and with providing new housing choices for people of all means.

Check “X” below if applicable
- Includes rental units, including for low/mod households
- Includes homeownership units, including for low/mod households
- Includes housing options for special needs and disabled population
- Expands the term of affordability
- Homes are near jobs, transit and other services
- Other (discuss below)

Explanation (Required)
The Developer is working with the local Housing Partnership, Housing Trust, Local Boards etc to maximize Housing opportunities. The development is directly across from the largest employer.
(6) Provide Transportation Choice

Maintain and expand transportation options that maximize mobility, reduce congestion, conserve fuel and improve air quality. Prioritize rail, bus, boat, rapid and surface transit, shared-vehicle and shared-ride services, bicycling and walking. Invest strategically in existing and new passenger and freight transportation infrastructure that supports sound economic development consistent with smart growth objectives.

Check "X" below if applicable
- Walkable to public transportation
- Reduces dependence on private automobiles (e.g., provides previously unavailable shared transportation, such as Zip Car or shuttle buses)
- Increased bike and ped access
- For rural areas, located in close proximity (i.e., approximately one mile) to a transportation corridor that provides access to employment centers, retail/commercial centers, civic or cultural destinations
- Other (discuss below)

Explanation (Required)
The project abuts the Highway, Commuter Train, and the planned intermodal facility. The residents will have the ability to walk to the train station, major employers as well as walking trails and other recreation.

(7) Increase Job and Business Opportunities

Attract businesses and jobs to locations near housing, infrastructure, and transportation options. Promote economic development in industry clusters. Expand access to education, training and entrepreneurial opportunities. Support growth of local businesses, including sustainable natural resource-based businesses, such as agriculture, forestry, clean energy technology and fisheries.

Check "X" below if applicable
- Permanent jobs
- Permanent jobs for low- or moderate-income persons
- Jobs near housing, service or transit
- Housing near an employment center
- Expand access to education, training or entrepreneurial opportunities
- Support local businesses
- Support natural resource-based businesses (i.e., farming, forestry or aquaculture
- Re-uses or recycles materials from a local or regional industry's waste stream
- Support manufacture of resource-efficient materials, such as recycled or low-toxicity materials
- Support businesses that utilize locally produced resources such as locally harvested wood or agricultural products
- Other (discuss below)
(6) Provide Transportation Choice

Maintain and expand transportation options that maximize mobility, reduce congestion, conserve fuel and improve air quality. Prioritize rail, bus, boat, rapid and surface transit, shared-vehicle and shared-ride services, bicycling and walking. Invest strategically in existing and new passenger and freight transportation infrastructure that supports sound economic development consistent with smart growth objectives.

Check "X" below if applicable
- Walkable to public transportation

- Increased bike and ped access
- For rural areas, located in close proximity (i.e., approximately one mile) to a transportation corridor that provides access to employment centers, retail/commercial centers, civic or cultural destinations
- Other (discuss below)

Explanation (Required)
Project is directly across from the Town's largest employment center and the planned intermodal facility. Site also abuts 128 and Route 20 and is one of the highest employment areas in the State.

(7) Increase Job and Business Opportunities

Attract businesses and jobs to locations near housing, infrastructure, and transportation options. Promote economic development in industry clusters. Expand access to education, training and entrepreneurial opportunities. Support growth of local businesses, including sustainable natural resource-based businesses, such as agriculture, forestry, clean energy technology and fisheries.

Check "X" below if applicable
- Permanent jobs
- Permanent jobs for low- or moderate-income persons
- Jobs near housing, service or transit
- Housing near an employment center
- Expand access to education, training or entrepreneurial opportunities
- Support local businesses
- Support natural resource-based businesses (i.e., farming, forestry or aquaculture)
- Re-uses or recycles materials from a local or regional industry's waste stream
- Support manufacture of resource-efficient materials, such as recycled or low-toxicity materials
- Support businesses that utilize locally produced resources such as locally harvested wood or agricultural products
- Other (discuss below)
Explanation (Required)

Project will employ 100-200 Construction workers... approximately 2-4 Full time positions. Provides housing directly across from Bio and Tech industry leaders. Allows current commuters the option of "live/work" choice.

(8) Promote Clean Energy
Maximize energy efficiency and renewable energy opportunities. Support energy conservation strategies, local clean power generation, distributed generation technologies, and innovative industries. Reduce greenhouse gas emissions and consumption of fossil fuels.

Check "X" below if applicable
- Energy Star or equivalent*  
- Uses renewable energy source, recycled and/or non-/low-toxic materials, exceeds the state energy code, is configured to optimize solar access, and/or otherwise results in waste reduction and conservation of resources  
- Other (discuss below)

*All units are required by MassHousing to be Energy Star Efficient. Please include in your explanation a description of how the development will meet Energy Star criteria.

Explanation (Required)

Project will seek LEED Certification and is pursuing a "zero discharge" program for Wastewater Treatment. The developer is also looking into Solar options for the Roof areas, and Re-use of water in the Toilet systems to reduce water usage by 30%+-

(9) Plan Regionally
Support the development and implementation of local and regional, state and interstate plans that have broad public support and are consistent with these principles. Foster development projects, land and water conservation, transportation and housing that have a regional or multi-community benefit. Consider the long term costs and benefits to the Commonwealth.

Check "X" below if applicable
- Consistent with a municipally supported regional plan  
- Addresses barriers identified in a Regional Analysis of Impediments to Fair Housing  
- Measurable public benefit beyond the applicant community  
- Other (discuss below)

Explanation (Required)

The proposed development is being undertaken with the goal of following the Town of Weston's "Friendly "40B Density Guidelines. The site is located directly across from the Town's largest employment center and the planned intermodal facility.
